As a part of our student support program at Washington Alternative School, "The Better Tomorrow" is a welcome addition.

Each week, a different and relevant activity is conducted by the "Better Tomorrow" staff along with individual counseling sessions.

The material presented is behavior appropriate and meaningful to our students who look forward to the sessions.

Needless to say, the faculty and staff at WAS welcomes these counselors with enthusiasm and appreciation.

Sincerely,

Linda Eubanks  
Guidance Counselor
