

WORD WORSHIP WITNESS WITNESS

1-2-10

Dear Richard,

This is just a simple way to let you know that we, and God, are behind you in your work to see the greater Chattanooga community growing in relationship with Jesus Christ! It is our prayer that you would continue to serve the young people of our city in 2010...in teaching, preaching, loving and serving. And, that God would continue to raise up others to help you do that work in the coming year! May you "not become weary in doing good, for at the proper time you will reap a harvest if you do not give up. Therefore, as you have opportunity, may you do good to all people, especially to those who belong to the family of God." God bless you and your ministry! And, may this year be one of growing closeness to Jesus Himself!
